Monday 26<sup>th</sup> January 2026

Dear Parents/Carers,

Thank you to everyone who completed my online survey regarding a Year 2 Maths Workshop. The feedback was hugely positive; so positive, in fact, that I am going to bring the session forward to February.

The workshop will be held during the school day and will be an opportunity to explore some key number facts/skills with your child through playing games and completing activities together. It will give you some practical ways you can support your child with maths at home and will promote positive discussions around maths. The following concepts will be covered:

- Number bonds to 10 – using these facts to inform bonds to 20, 100 etc.
- The composition of numbers to 10 – thinking about whether they are made up of odd/even parts.
- Quick recall of number facts within 10 – moving away from the need to count in ones.

Due to an even split between parents requesting a morning or afternoon session, I am going to offer both; however, please only sign up for one session as they will be identical. **Due to space we can only accommodate 1 adult per child and unfortunately no younger siblings can attend.**

The workshops will take place on **Friday 27<sup>th</sup> February** as follows:

**Session 1: 9-10am**

**Session 2: 1.45-2.45pm**

There is an electronic reply slip that you will also need to complete. You will find this form by clicking on this link. [Year 2 Maths Workshop Friday 27th February 2026 – Fill out form](#)

It may ask you to sign in, if it does, please use your child's Microsoft Teams log in.

This will need to be completed by **Friday 20<sup>th</sup> February**. It will only take you a couple of minutes to complete and it is required, thank you.

Please don't forget the road outside is closed between 2.30pm and 3.10pm due to our School Street. You may wish consider this when parking.

If you are unable to attend the session, please don't worry - your child will not miss out; we will pair them up with one of their friends.

I look forward to seeing as many of you as possible.

Best wishes

Miss N. Wood

Maths Subject Leader & KS1 Leader
