Dear Parents and Carers,

## **ONLINE SAFETY SESSION FOR PARENTS AND CARERS OF YEAR 3 & 4**

I am sure you have seen a lot in the media lately about young children and their use of smart phones and other devices. Whilst we are still working with other local schools to come up with some more detailed guidance about this, we want to ensure that our parents and carers have a greater understanding of the risks involved in ALL on line activities.

One of our parents, Mr Wilmot, is an expert on addictive design. He has worked in the tech industry for many years and now delivers talks and workshops to schools, parents, and policy makers on its impact, as well as creating informational resources on games and apps popular with children.

He has very kindly agreed to offer an information session for our parents on Wednesday, 29<sup>th</sup> April at 2.15 (the session will finish before the end of the school day). I really urge you to attend – it is really important that you, as parents, have a full understanding of what your child is being exposed to when they play games such a Roblox, Minecraft and Fortnite.

If you are able to come, please complete the form below by Monday 27<sup>th</sup> April so that we have an idea of numbers.
